

## Green Day

On 29<sup>th</sup> June, we held a Green Day in school which involved all the children bringing in a specific plant which would be incorporated down at the train station.

During the morning, Year 5 and 6 went down and planted all 200 of them! They did a fantastic job.

We would like to say a huge thank you to all the children who brought in a plant. It has turned the site from a blanket of soil to a garden of Eden!
