

What have Year 5 been up to?

During the Autumn term, Year 5 were able to immerse themselves in the history of the Titanic Disaster of 1912. The children learned the where, why and how's of the disaster through the lives of those who lived through it and reported it. They wrote numerous historical reports and constructed interesting debates around who they thought was to blame. On 18th October 2016, the children visited the Liverpool Maritime Museum where they were able to view actual Titanic artefacts. It was a brilliant day!!

Learning how
the Titanic was
built

Becoming
Captain for the
day.
