

P.E. The Olympics

Keeping with our Ancient Greek theme, the children will participate in a number of Olympic events. They will also be in training for our summer sports day.

R.E – Pentecost and Ascension

The children will look at these two events and how they make Christianity distinctive.

Key focus is trust and faith

Science

This term the children will focus mainly on Animals including humans. This will consist of looking at cardiovascular systems and other aspects of keeping healthy. They will also spend some time looking at habitats and planning a variety of scientific experiments.

History

Children will learn about Ancient Greece – a study of Greek life and achievements and their influence on the western world

Art – Greek Vases

The children will use drawing techniques to design a greek vase and from their drawings sculpt one out of clay and paint it in the Greek Style

PSHE

Keeping safe. The children will be looking at the dangers found on social media and how they can keep themselves protected.

Spanish

Separate scheme of work

D.T./ICT – Greek Temple

The children will research various styles of ancient greek architecture. Using a 3d drawing program the children will design a greek temple.
